PROFILE

Thrives on solving problems and creating websites that users love. Has a knack for adding animations to websites, making them more engaging and interactive. Proficient in React.js, adept at handling performance optimization, ensuring responsiveness, and seamlessly integrating APIs to enhance user experiences. Dedicated to crafting user-friendly interfaces and leveraging technology to bring ideas to life on the web.

4 YEARS OF HARD WORK

ROLE: REACT DEVELOPER

COMPANY NAME: CUBIT

DATE: 04/2024 - PRESENT

- The project structure was updated and upgraded to React 19 and Next 15.
- Worked on dynamic pages where both page and content are created on the dashboard through GraphQL.
- Implemented micro frontends, enhancing modularity and maintainability.
- Developed advanced dashboard features, including role-switching capabilities, improving user flexibility and administrative control.
- Achieved a PageSpeed Insights and SEO score above 90% by performing extensive code refactors, significantly improving page speed and performance.

ROLE: TEAM LEAD

COMPANY NAME: LUKUKU

DATE: 02/2022 - 02/2024

- Completed over 10 projects encompassing diverse categories such as e-commerce platforms, SaaS applications, and dashboard interfaces.
- Spearheaded business intelligence initiatives by conducting advanced computations and data analysis, resulting in a 20% increase in actionable insights and informing key decision-making processes.
- Achieved a 30% reduction in system downtime by promptly troubleshooting and debugging technical issues, ensuring uninterrupted operations and maximizing productivity.
- Orchestrated collaboration among a diverse team, leveraging cutting-edge technologies to enhance project outcomes, resulting in a 25% improvement in project delivery timelines and overall efficiency.

ROLE: REACT DEVELOPER

COMPANY NAME: SUNBI

DATE: 04/2020 - 05/2022

- Development and maintenance of front-end web applications utilizing cutting-edge technologies such as React, and Next.js.
- Drove enhancements across a multitude of e-commerce projects, optimizing online shopping experiences, integrating payment gateways, and refining inventory management systems.
- collaboration with designers and back-end developers to ensure the seamless delivery of high-quality, user-centric web products.
- Contributed to the development of the largest site in the country, [Hamrobazar](#), utilized by millions of users, showcasing expertise in designing and optimizing user experiences at scale.
